Lenny Hamilton.

References & Testimonials

Loft Conversion

“We have refurbished our last three houses, but we have never had a building experience where we were 100% happy with every aspect of the work, until HamiltonWalters Carpentry & Building converted our loft and extended our kitchen for us. Their attention to detail, hard work and the fact that once they started the work, they were there every day until it was finished was really impressive and everyone was so nice too! I would (and already have) advise anyone thinking of converting their loft or doing other building works that there is really only one company they should talk to – HamiltonWalters Carpentry & Building.”

Janet Clive, Vauxhall

Loft Conversion

“We are really happy with our loft conversion. We now have a lovely, good sized spare room with en-suite shower room. Lenny and his team made a fantastic job of it and are really pleasant, cheerful and polite people to have around. It was completed efficiently in the timescales given to us. We had a newborn baby in the house while the work was being done but even with this the whole thing was pretty stress free.

One thing we were particularly pleased with was that all the tradesmen involved were clearly people who took a real pride in their work – (no cowboy short cuts!)

All in all, we would definitely recommend them!”

Damien Smith, Thorton heath

Floor Sanding and Staining

“We contacted HamiltonWalters carpentry and building to get a quote for some flooring which we were considering having repaired then stained, Lenny came to give us a quote within a matter of days, which we were extremely impressed with. Our floors have since been done and cannot express how happy we are with the quality of the job done and the professionalism shown by Lenny and would have no hesitation in recommending HamiltonWalters carpentry and building for any future flooring requirements.”

Helena Pullen, East Dulwich

Loft Conversion

“We wanted to convert our loft quickly and with as little disruption as possible as I was expecting my first baby. We chose ‘HamiltonWalters’ because their price was competitive and they seemed very professional in their attitude, but also because the team just seemed incredibly nice. They started work when they said they would and they got the job done in time for baby’s arrival with the minimum of fuss and disruption. They were extremely considerate and what really impressed us was that Lenny was always available to answer our questions, no matter how inane they were. They did an excellent job and we love our new loft space.”

Elisa Collins, Herne Hill

Painter & Decorator

“Lenny and his team proved to be reliable, timely and very efficient. First and foremost they were the best priced of the 4 guys who seen the job, it also helped as he was local. We needed a complete re-paint of the house interior and some exterior. The work was carried out with no fuss and complete satisfaction. He kept us informed of all stages of the work, ensuring we were happy with progress. The house was always tidy on our return from work. Lenny ended up doing more than just painting the house and did a few extra odd jobs that I needed done. He was very helpful, professional and honest. I thought it was great that he moved his schedule around to suit the job I needed and I will definitely be using him again in the future.”

Craig Brown, Wandsworth

Landscaping & Gardening

“Lenny and his team transformed our garden from a small gloomy space into an elegant, light outdoor living space. They don’t ever cut corners, and nothing is ever too much trouble. The whole team are a pleasure to work with; they were all conscientious and always willing to go the extra mile. We are delighted with the result and would highly recommend ‘HamiltonWalters’ in the future. So many people have stopped to admire their work, I’m now extremely proud of my new garden”

Cameron Reid, Brixton
